

Location: Divewise

Westin Dragonara Complex,
St. Julians,
Malta STJ 3143

Students can opt to follow a **scuba diving course** leading to an internationally **recognised PADI qualification**. This course gives students the chance to experience scuba diving in some of the **most impressive sites** of the Mediterranean.

English and Diving

The dive centre offers the PADI Open Water for beginners and the PADI Advanced course for more experienced divers. It is also possible to book the Diving Course PADI Combined (Open Water and Advanced)! The course replaces some afternoon activities.

PADI Open Water Course

This is an entry level certification in the PADI dive education ladder. Students who successfully complete this course will receive an internationally recognised licence to dive with an instructor or dive master to a maximum depth of up to 18m.

The course is designed to get students in the water as quickly as possible so during the first two days the students usually spend time in class learning theory and practicing skills in the pool. Once the student masters all the basic skills the instructor will take them out to do 4 dives in the local area. To optimise students' classroom time with their instructor we encourage students read the books in their own time and classroom time is used for questions and developing concepts.

Course description:

- 2 Full days or else spread over 4 afternoons
- Each session is a combination of theory and diving
- Pool training
- 4 open water dives

Requirements:

- 13 years+
- Healthy and reasonably fit

PADI Advanced Open Water Course

Open to all certified PADI Open Water Divers. This is the next step in the PADI chain for students to advance their diving experience and ability. Students can choose from: Peak Performance Buoyancy, Wreck, Multi-level, Photography, Naturalist, Dry-Suit, Night, Cavern, Nitrox. Unlike the Open Water course there is no final exam. However there are knowledge reviews at the end of every chapter in the manual which must be completed by the end of the course.

Course description:

- 5 open water dives
- Theory is integrated in the dives – no separate sessions

Requirements:

- 13 years+
- PADI Open Water certification or equivalent qualification
- Healthy and reasonably fit
