

Club 30+

This programme is for all students 30 years or older at EC Malta. It gives you the chance to *take lessons with other mature students*. This course is *available during the summer* (June - September) when EC Malta gets many 18-20 year old students.

What can you expect on this course?

Improve your English in an environment dedicated to your needs

You will participate in lessons exclusively in a centre for students over the age of 30. The centre has all the resources you will need to ensure you can maximise your time learning English. Computers, Wi-Fi and child care are offered.

Your English course

You can choose to study either General English or Intensive English. Your class will have students over the age of 30 only. This allows teachers to make classes perfect for you through suitable activities, structures and topics. We make sure you and your classmates receive the best possible lessons.

If your children are taking a day programme, you must take an Intensive course.
