Creative and energetic classes

Our teachers are qualified and experienced, and when it comes to creating lessons, they know what works. Classes are dynamic, engaging and motivating, designed to activate and build upon your strengths, whilst also giving targeted attention to your weaker areas. Relaxed and informal classroom environments create an encouraging atmosphere, to help you build your confidence, realise your potential and advance towards fluency.

Learn by doing

At EC, progress is maximised as students are encouraged to learn by doing. Our task-based lessons focus on the active production of English, promoting class participation and interaction between students.

Improve your 'thinking time'

As your skills and confidence develop with support from your teachers, so too will your ability to listen, understand and respond quickly and effectively in English. You will

notice these improvements most of all when you take your English outside of the classroom and into everyday conversation in one of our vibrant English-speaking destinations!

Expert support

Your teachers are trained to deliver on-going support, feedback and care throughout your time at EC. You will be taught by at least two teachers, exposing you to a variety of voices, improving your listening and boosting your vocabulary.

Authentic materials

We believe there is no substitute for authentic English so, in addition to text books, our teachers use real-life resources taken from newspapers, TV, radio and the Internet. The authentic nature of these materials gives our students an appreciation of the richness of the English language used in a variety of everyday contexts.
