### Student Testimonial

I would recommend EC Malta to people who wish to meet various nationalities and great teachers. Malta is beautiful - for me it is an 'open air museum' – it is easy to visit cheap buses. The school is very well organized and the teachers are interesting and helpful. It has very good methodology and ideas. Given the chance, I would definitely come back to EC Malta or any other EC centre across the world.

### Teacher Testimonial

I became a teacher 5 years ago after a career in business which took me over the world for 30 years. I enjoy the interaction with my students. The job is challenging and extremely rewarding. At EC Malta, I work with a great team of colleagues from all the different departments. There is a positive attitude and we all try to help each other. I enjoy the fact that each day is different and that I come into contact with business students from different parts of the world.
