

50+ Programme

07 – 21 May & 10 – 24 September 2011

A two week general English programme designed to appeal to mature adult students who want to learn English and discover Jersey in the company of other similarly aged people.

- Start dates in May and September - ideal times of year to explore Jersey's beautiful landscape without the crowds
- 15 hours per week of general English in classes of average age 50+ (Max 9 students per class)
- Introductory island tour (50+ students only)
- Social programme of three afternoon and two evening activities per week
- Optional weekend day trip to Dinard and St Malo

- Minimum age 50, minimum English level elementary
- Designed to take place when the school is less busy and there are not normally juniors courses running
- Social programme shared with other adult students (except introductory island tour)
- Homestay accommodation is limited and clients should be aware that they could be located anywhere in Jersey. For this reason we recommend guest house or residence accommodation; both of which can be booked with the course (See accommodation guide)
