

NEW Adult Residence - Richelieu Lodge

The cost-effective alternative to homestay accommodation

Our adult residence is ideal for students who prefer more independence than traditional homestay, while in the surroundings of other international students.

Students are provided with single, en suite rooms, a continental breakfast and the opportunity to cook for themselves in the communal kitchen.

The residence is conveniently located a short walk from the town centre, where students can find plenty of restaurants, bars & cafes for eating and going out. At the residence there is a garden, dining room, lounge area and games

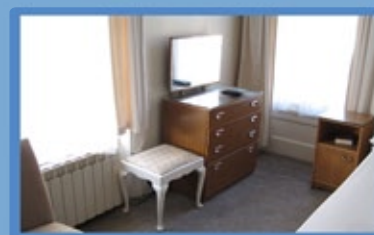

room where students can relax and practise their English. There is also parking for up to 6 cars, if students choose to bring their car or hire one for their stay.

Our adult residence is available on selected dates outside the summer and school holidays.
