Home Language International (HLI)

is a family-run business offering full-immersion courses in 20 languages in over 30 countries worldwide.

You stay in an **experienced teacher's home**, have **one-to-one language lessons**, enjoy **3 meals a day** with the family and then continue to use the language during the rest of your stay as you share the daily life of the family. Mealtime conversations, visits, television and social contacts are all in the language you are studying.

Home tuition or language school?

The most common criticism of language schools is that students speak their own language with friends when not in class. This weakness is completely eliminated with HLI because you are the only student in the class.

We have a dedicated expert staff in our offices including the whole of the Josephs family (7 of us). Thousands of students from all over the world take advantage of our services every year.

The HLI textbook is available on request free of charge to all students taking courses in the UK or Ireland. Please write to us after you have completed your course and we will send it directly to your home

Our teachers

All of our teachers have a university degree (or equivalent) and/or a recognised teaching certificate. All teachers have been visited by one of our Local Organisers, their qualifications have been checked and their homes thoroughly inspected.

Our Local Organisers

Every area is supervised by a Local Organiser whose job is to monitor the progress of each student and to make sure your experience with us is both happy and successful.

Our Chief Executive Ian Josephs M.A. (Hons) (Oxford) **originated** the idea of living in the teacher's home in 1979 and was the first to offer this service

The language lessons

You can choose from 10, 15, 20, 25 or 30 hours per week of one-to-one lessons with your experienced teacher. The lessons are completely personalised for you so the teacher will focus on exactly what you need. We teach all levels from complete beginners to highly advanced and accept students of all ages.

Children & Teenagers

Students cannot hide at the back of the class or miss lessons because they live and study in their teachers' homes. Children of all ages can easily be supervised by the teacher according to their parents' wishes.

Adults & Professionals

There is no longer any need for adults and professionals to feel uncomfortable in a large class of differing ages and abilities. Some of our teachers have specialist knowledge of subjects such as business, medicine, law, marketing, engineering, banking etc. These teachers offer a Business & Specialised Vocabulary course for those who request it in advance.

Choose your programme

Standard programme - still your favourite choice!

YES INDEED → IF **RAPID PROGRESS** IS YOUR AIM, THIS PROGRAMME MAKES IT ALL POSSIBLE

- HOW?** →
1. You never need to speak your own language
 2. Your teacher prepares your course for you alone and **NOT** for a class
 3. You speak your new language at mealtimes and at casual conversations
 4. The **STANDARD** programme is all about pure study without outside distractions

What is special about HLI?

- You receive full board accommodation in your experienced teacher's home
- You choose from 10, 15, 20, 25 or 30 lessons per week with your own private teacher (extra language lessons = £22, €40 or US\$40 per hour)

Find all-inclusive prices for all the courses we offer listed under the country you are visiting.

If you would like to add specific activities to your programme, please see all our specialised programmes below

We own and run an excellent language school in Monaco. That is why we can say from experience that 3 weeks study at HLI is equivalent to 3 months at a good language school! HLI saves you **TIME** as well as **money!**

HLI Terms & Conditions

By enrolling you accept the following:

General

Home Language International (HLI) considers the choice of family to be more important than a specific town and reserves the right to place the student in another area if there is no compatible family in the area of first choice or if the original family selected cancels through illness or personal problems. However, if the family we select does not match the requirements as stated on the booking form, students are free to cancel and will receive a complete refund provided the refusal is received no more than 48 hours after the family profile was sent. Once a placement has been confirmed, requests from students for changes of area, dates or programme are subject to an alteration charge of £100, €150 or US\$150. HLI must be notified of any problems or complaint before the end of the stay - no retrospective claims against HLI will be considered. Enrolments are accepted on condition that students have no illness or infirmities that they do not mention and explain in advance, HLI reserves the right to send home students who have not disclosed such information. HLI reserves the right to place a student with more than one host teacher on a given programme and/or change the tutor before or during the stay. HLI also reserves the right to organise a homestay with one family and lessons with an outside teacher if a teacher family cannot be found.

No guest of the same nationality or mother tongue will stay in the family at the same time as an HLI student. Host families are however allowed to have guests of any nationality they like providing that they do not interfere with the HLI student's lessons or share the same language as them. **Please note only one discount can be claimed at any one time.**

Transfers

If transfers are booked HLI must receive flight numbers and arrival times at least one week in advance otherwise the transfers are cancelled and non-refundable. If no transfers are booked the student should contact the family directly to let them have an approximate arrival time. If the family do not hear from the student, they will not expect them before 19h00. A mobile phone number is required for all students.

Cancellations & Insurance

If a cancellation is made well in advance (by post, fax or email) a credit note may sometimes be given for lessons and accommodation, valid for a year. No refunds will be given for cancellation, accident, illness, loss of property or for any other reason. Students MUST take out their own insurance against illnesses, accidents to themselves or third parties and cancellations.

Alteration charges

Alterations of area, date or programme often mean cancelling one family and finding another, so we must charge £100, €150 or US\$150 in every case.

Cancellation charges FOR AGENTS ONLY

The cancellation fees are as follows:

- up to 14 days before arrival = £100, €150 or US\$150
- 14 days to 48 hours before arrival = 50% of total fees
- 48 hours or less before arrival = 100% of total fees

When any of the Programmes with Activities are cancelled or altered at any time, we may have to refund the payment for the activity side of the booking to the family in full because they may in turn have paid for the activity several months in advance to secure places in busy periods. We then charge £150, €200, US\$200 cancellation fee for the activity part of the programme (the average cost). These amounts must be added to our normal cancellation fees in all cases except when 100% of the fees are due.

Full fees must be paid at least 4 weeks before arrival in the currency shown in our pricelist. Payment may be made by:

Advice for a successful stay

- We recommend you bring at least £60, €85 or US\$85 spending money per week. EU students travelling to an EU country are advised to get the European Health Insurance Card. All students are advised to have personal insurance to cover any cancellation, loss of property etc.

- Activities: We strongly recommend that all students, especially the younger ones book activities as these allow them to practise what has been studied during the lessons and work on conversational skills whilst enjoying themselves. Keeping the younger students occupied contributes to making the stay successful. School holidays may not be on the same dates as in your home country so the children in the host family may be at school during your stay.

- You should contact the host family by phone or email at least one week before your stay. Our host families would like to learn more about you, your food preferences, language level and what you are expecting from your course. This will help them prepare better for your stay.

- Families in a foreign country may not have the same way of living as you. There may be different rules, food and living conditions. You should be ready to accept cultural differences in order to get the most out of your stay.

- Smoking: In many countries you cannot smoke in public areas (bars, restaurants etc.). Very often, our host families do not allow smoking in the house. If there are smokers in the host family they will often smoke outside or only in a specific area in the house. When you book your programme please tell us if you prefer a non-smoking family.

- Parents: We advise parents to ask their children to limit the use of smartphones, laptops or tablets since frequent communication with friends and family in their mother tongue will affect their full-immersion experience.
