Home Language International (HLI)

is a family-run business offering full-immersion courses in 20 languages in over 30 countries worldwide.

You stay in an **experienced teacher's home**, have **one-to-one language lessons**, enjoy **3 meals a day** with the family and then continue to use the language during the rest of your stay as you share the daily life of the family. Mealtime conversations, visits, television and social contacts are all in the language you are studying.

Home tuition or language school?

The most common criticism of language schools is that students speak their own language with friends when not in class. This weakness is completely eliminated with HLI because you are the only student in the class.

We have a dedicated expert staff in our offices including the whole of the Josephs family (7 of us). Thousands of students from all over the world take advantage of our services every year.

*Our Chief Executive Ian Josephs M.A. (Hons) (Oxford) **originated** the idea of living in the teacher's home in 1979 and was the first to offer this service*

The HLI textbook is available on request free of charge to all students taking courses in the UK or Ireland. Please write to us after you have completed your course and we will send it directly to your home

Our teachers

All of our teachers have a university degree (or equivalent) and/or a recognised teaching certificate. All teachers have been visited by one of our Local Organisers, their qualifications have been checked and their homes thoroughly inspected.

Our Local Organisers

Every area is supervised by a Local Organiser whose job is to monitor the progress of each student and to make sure your experience with us is both happy and successful.

The language lessons

You can choose from 10, 15, 20, 25 or 30 hours per week of one-to-one lessons with your experienced teacher. The lessons are completely personalised for you so the teacher will focus on exactly what you need. We teach all levels from complete beginners to highly advanced and accept students of all ages.

Children & Teenagers

Students cannot hide at the back of the class or miss lessons because they live and study in their teachers' homes. Children of all ages can easily be supervised by the teacher according to their parents' wishes.

Adults & Professionals

There is no longer any need for adults and professionals to feel uncomfortable in a large class of differing ages and abilities. Some of our teachers have specialist knowledge of subjects such as business, medicine, law, marketing, engineering, banking etc. These teachers offer a Business & Specialised Vocabulary course for those who request it in advance.

Advice for a successful stay

General advice to help you get the most out of your trip

- We recommend you bring at least £60, €85 or US\$85 **spending money** per week
- EU students travelling to an EU country are advised to get the **European Health Insurance Card**
- All students are advised to have personal insurance to cover any cancellation, loss of property etc.
- **Activities:** We strongly recommend that all students, especially the younger ones book activities as these allow them to practise what has been studied during the lessons and work on conversational skills whilst enjoying themselves. Keeping the younger students occupied contributes to making the stay successful. School holidays may not be on the same dates as in your home country so the children in the host family may be at school during your stay
- You should contact the host family by phone or email **at least one week before your stay**. Our host families would like to learn more about you, your food preferences, language level and what you are expecting from your course. This will help them prepare better for your stay.
- Families in a foreign country may not have the same way of living as you. There may be different rules, food and living conditions. You should be ready to accept cultural differences in order to get the most out of your stay.
- **Smoking:** In many countries you cannot smoke in public areas (bars, restaurants etc.). Very often, our host families do not allow smoking in the house. If there are smokers in the host family they will often smoke outside or only in a specific area in the house. When you book your programme please tell us if you prefer a non-smoking family.
- **Parents:** We advise parents to ask their children to limit the use of smartphones, laptops or tablets since frequent communication with friends and family in their mother tongue will affect their full-immersion experience.

HLI Terms & Conditions

By enrolling you accept the following:

General

Home Language International (HLI) considers the choice of family to be more important than a specific town and reserves the right to place the student in another area if there is no compatible family in the area of first choice.

If the family we select does not match the requirements as stated on the booking form, students are free to cancel and will receive a complete refund provided the refusal is received no more than 48 hours after the family profile was sent.

If the original family selected cancels through illness or personal problems, a week or less before arrival (which rarely happens but when it does is unavoidable), a new replacement family will be provided but no cancellation will be accepted.

HLI must be notified of any problems or complaints before the end of the stay, if the student is a minor (under 18) it is the responsibility of the parent or guardian to inform us. Claims against HLI will only be considered if this is done.

Enrolments are accepted on condition that students tell us if they have any illness or infirmities, and give us details in advance. HLI reserves the right to send home students who have not disclosed such information.

HLI reserves the right to place a student with more than one host teacher or change the family during the stay if we feel it necessary. HLI also reserves the right to organize a homestay with one family and lessons with an outside teacher if a teacher family cannot be found.

No guest of the same nationality or mother tongue will stay in the family at the same time as an HLI student. Host families are however allowed to have guests of any nationality providing that they do not interfere with the HLI student's lessons or share the same language as them.

Please note only one discount can be claimed at any one time.

Transfers

If transfers are booked HLI must receive flight numbers and arrival times at least one week in advance otherwise the transfers are cancelled and non-refundable. If no transfers are booked the student should contact the family directly to let them have an approximate arrival time. If the family does not hear from the student, they will not expect them to arrive before 19h00. A mobile phone number is required for all students.

Cancellations & Insurance

- Up to 28 days before arrival: £200, €250, US\$250
- 28 days to 48 hours before arrival: 50% of total fees
- 48 hours or less before arrival: 100% of total fees
- After the course start date: 100% of total fees
- Fees are not refunded for late arrivals (after start of the course) or early departures (before end of the course)

Student **MUST** take out their own insurance against illnesses, accidents to themselves or third parties, loss of property and cancellations as no other refunds will be given

Alteration charges

Alterations of area, date or programme often mean cancelling one family and finding another, so we must charge £100, €150 or US\$150 in every case.

When any of the programmes with activities are cancelled or altered at any time, we have to refund the payment for the activity side of the booking to the family in full because they in turn have paid for the activity several months in advance to secure places in busy periods. In addition to the cancellation fees we then charge £150, €200, US\$200. These amounts are added to our normal cancellation fees in all cases except when 100% of the fees are due.

Visas

We cannot issue visas but we can send a visa invitation letter by express courier. It is the responsibility of the client to submit the correct documents to the relevant visa authorities. HLI will supply such documents on request from the client or the agent. If a visa is refused, for example because a document is badly filled in or is missing, the student should submit an application for a second visa, if this is refused HLI will refund all fees paid less a 5% handling charge. Please note there are often special requirements for students under 16 staying in the UK for more than 27 days and this can sometimes take the form of a letter to show that the local authority has been notified.

Full fees must be paid at least 4 weeks before arrival in the currency shown in our pricelist. Payment may be made by:
