HLI belief:
**Life's too
short....
be nice!**

Amaze your friends &
business partners

The home tuition advantage

The most common criticism of conventional language schools is that students speak their own language with friends when not in class. This weakness is eliminated with HLI's home tuition method because you are the only student in the class. You therefore have the opportunity to speak the language before, during and after your lessons for a true full-immersion experience.

Home Language International (HLI)

is a family-run business offering full-immersion courses in 20 languages in over 30 countries worldwide. Thousands of students take advantage of our services every year. You stay in an experienced teacher's home, have one-to-one language lessons, enjoy 3 meals a day with the family and then continue to use the language during the rest of your stay as you share the daily life of the family. Mealtime conversations, visits, television and social contacts all take place in the language you are studying.

Our teachers

All of our teachers have a university degree (or equivalent) and/or a recognised teaching certificate. All teachers have been visited by one of our Local Organisers; their qualifications have been checked and their homes thoroughly inspected.

Our local organisers

Every area is supervised by a Local Organiser whose job is to monitor the progress of each student and to make sure your experience with us is both enjoyable and successful.

Private language lessons

You can choose from 10, 15, 20, 25 or 30 hours per week of one-to-one lessons with your experienced teacher. The lessons are completely personalised for you so the teacher will focus on exactly what you need. We teach all levels from complete beginners to highly advanced, and we welcome students of all ages.

**We have a dedicated expert staff
in our offices including the whole
of the Josephs family (7 of us):**

Back row (left to right): Alexia (Managing Director), Sophie (Accounts Director) with William, Ian Vincent (Internet Reservations Officer), Stephanie (Marketing Director), Danielle (Ian's wife) with Hugo

Front row (left to right): Lea, Ian (CEO), Emma (Marketing Executive) with Emily

*Our Chief Executive and founder Ian Josephs M.A. (Hons) (Oxford) **originated** the idea of living in the teacher's home in 1979 and was the first to offer this service.*

Children & teenagers

As they live and study in the teacher's home, students cannot hide at the back of the class or miss lessons. Children of all ages can easily be supervised by the teacher according to their parents' wishes.

Adults & professionals

There is no longer any need for adults and professionals to feel uncomfortable in a large class of differing ages and abilities. Some of our teachers have specialist knowledge of subjects such as business, medicine, law, marketing, engineering, banking etc. These teachers can offer a Business & Specialised Vocabulary course for those who request it in advance.

The HLI text book is available

on request free of charge to all students taking courses in the UK or Ireland. Please write to us after you have completed your course and we will send it directly to your home.

Activities

We strongly recommend that all students, especially the younger ones, book activities as these allow them to practise what has been studied during the lessons and work on conversational skills while enjoying themselves. Keeping the younger students occupied contributes to making the stay successful. School holidays may not be on the same dates as in your home country so the children in the host family may be at school during your stay.

Your host family

You should contact the host family by phone or email at least one week before your stay. Our host families would like to learn more about you, your food preferences, language level and what you are expecting from your course. This will help them prepare better for your stay. Families in a foreign country may not have the same way of living as you. There may be different rules, food and living conditions. You should be ready to accept cultural differences in order to get the most out of your stay.

Smoking

In many countries you cannot smoke in public areas (bars, restaurants etc.). Very often, our host families do not allow smoking in the house. If there are smokers in the host family they will often smoke outside or only in a specific area in the house. When you book your programme please tell us if you prefer a non-smoking family.

Smartphones, tablets etc.

We advise parents to ask their children to limit the use of smartphones, laptops or tablets since frequent communication with friends and family in their mother tongue will affect their full-immersion experience.

Spending money

We recommend you bring at least £60, €85 or US\$85 spending money per week.

Insurance

EU students travelling to an EU country are advised to get the European Health Insurance Card. All students are advised to have personal insurance to cover any cancellation, loss of property etc.

Important to remember

- 👍 All programmes are from Sunday to Sunday
- 👍 Most families live outside the city centre
- 👍 Please choose 3 regions (where available) in order of preference when booking
- 👍 English is available in many non-English speaking countries on request

- 👍 Programmes with activities may be unavailable at certain times of the year, can be subject to weather conditions and may be unsuitable for certain ages
- 👍 July & August: We need to receive bookings at least 1 month in advance for this busy period. For Classic programmes a minimum of 15 hours lessons per week must be booked

- 👍 You can combine different programmes, for example 1 week of sports + 1 week of culture etc. The programmes should be in the same area to avoid a change of family
- 👍 Please note only one discount can be claimed at any one time
- 👍 A mobile phone number is required for all students

HLI Terms & Conditions

By enrolling you accept the following:

General

Home Language International (HLI) considers the choice of family to be more important than a specific town and reserves the right to place the student in another area if there is no compatible family in the area of first choice.

If the family we select does not match the requirements as stated on the booking form, students are free to cancel and will receive a complete refund provided the refusal is received no more than 48 hours after the family profile was sent.

If the original family selected cancels through illness or personal problems, a week or less before arrival (which rarely happens but when it does is unavoidable), a new replacement family will be provided but no cancellation will be accepted.

To the best of our knowledge all family details are correct when they are provided and HLI accepts no responsibility for subsequent changes in family circumstances that may occur without ourselves being informed. Please note that if the host family has children, HLI cannot guarantee that they will be present during the stay. No refunds can be given if any family members are absent or if additional family members are present.

HLI must be notified of any problems or complaints before the end of the stay; if the student is a minor (under 18) it is the responsibility of the parent or guardian to inform us. Claims against HLI will only be considered if this is done.

Enrolments are accepted on condition that students tell us if they have any illness or infirmities, and give us details in advance. HLI reserves the right to send home students who have not disclosed such information and also students who behave in an inappropriate manner. HLI reserves the right to place a student with more than one host teacher or change the family during the stay if we feel it necessary. HLI also reserves the right to organize a homestay with one family and lessons with an outside teacher if a teacher family cannot be found. No guest of the same nationality or mother tongue will stay in the family at the same time as an HLI student. Host families are however allowed to have guests of any nationality providing that they do not interfere with the HLI student's lessons or share the same language as them. Please note only one discount can be claimed at any one time.

Transfers

If transfers are booked HLI must receive flight numbers and arrival times at least one week in advance otherwise the transfers are cancelled and non-refundable. If no transfers are booked the student should contact the family directly to let them have an approximate arrival time. If the family does not hear from the student, they will not expect them to arrive before 19h00. A mobile phone number is required for all students. Transfers are usually individual but can in rare cases be shared with other students. A supplement may be charged for late arrival if there is a lot of waiting time.

Cancellations & Insurance

- Up to 28 days before arrival: £200, €250, US\$250
- 28 days to 48 hours before arrival: 50% of total fees
- 48 hours or less before arrival: 100% of total fees
- After the course start date: 100% of total fees
- Fees are not refunded for late arrivals (after start of the course) or early departures (before end of the course)

Students MUST take out their own insurance against illnesses, accidents to themselves or third parties, loss of property and cancellations as no other refunds will be given.

Alteration charges

Alterations of area, date or programme often mean cancelling one family and finding another, so we must charge £100, €150 or US\$150 in every case. When any of the programmes with activities are cancelled or altered at any time, we have to refund the payment for the activity side of the booking to the family in full because they in turn have paid for the activity several months in advance to secure places in busy periods. In addition to the cancellation fees we

then charge £150, €200, US\$200. These amounts are added to our normal cancellation fees in all cases except when 100% of the fees are due.

Visas

We cannot issue visas but we can send a visa invitation letter by express courier. It is the responsibility of the client to submit the correct documents to the relevant visa authorities. HLI will supply such documents on request from the client or the agent. If a visa is refused, for example because a document is badly filled in or is missing, the student should submit an application for a second visa, if this is refused HLI will refund all fees paid less deposit. Please note there are often special requirements for students under 16 staying in the UK for more than 27 days and this can sometimes take the form of a letter to show that the local authority has been notified.

Payment

Full fees must be paid at least 4 weeks before arrival in the currency shown in our pricelist. Payment may be made by:

Privacy Notice (effective August 1st 2018)

Within the framework of our enrolment form, we collect information about you. This privacy notice explains who we are, how we collect, share and use personal information, and how you can exercise your privacy rights. Changes to the Privacy Notice might be made so please visit our website for the latest version. Your data may be used for different purposes than those mentioned here. If that is the case we will notify you accordingly and proceed only if you agree. If you disagree with our Privacy Notice, please discontinue using our services. If you agree, let's have a great language learning experience together!

Background

We provide language tuition homestays. You will stay and live with a host teacher and he/she will teach you the language that you have chosen to learn. Your placement is made through what is in effect a match-making process. Our company is registered in Jersey and our administration office is based in Monaco. This is where your data is collected.

What information is being collected?

The information collected is your name, phone number, e-mail address, age, gender, profession, nationality, language level, your hobbies, whether you smoke or not, your allergies, important medical conditions etc. We also include anything relevant to the purpose of selecting a suitable host family and teacher for you. Credit card details may also be needed for payments.

What is the legal basis for processing your information?

Collecting your personal information is necessary for the selection of your host teacher. It helps us fulfil our contractual obligations to you.

Will the information be shared with any third parties?

The information you provide is shared with HLI local organisers and host families. Sometimes this may be a single local organiser and a single host family but we may have to share your information with more than one local organiser and consequently more than one host family in order to find a match. Also, we will have to disclose your personal information if required to by law. Your payment information (e.g. credit card details) will never be communicated to a third party.

How will the information be used?

Local organisers are trusted individuals, carefully selected by HLI. They are tasked with managing families in given areas and they know all their families personally. They will use the information to match you with the most suitable family. We will never use your information with automated decision-making systems, including profiling systems.

How long will your information be stored for?

We will keep your personal information for as long as we have a relationship with you. Once our relationship with you has come to an end we will keep your personal information for a period of time that enables us to maintain business records for analysis (understanding market trends and/or audit purposes and to improve our services) and to comply with record-keeping requirements under applicable laws. We may also need the information to process any existing or potential legal claims, to carry out fraud detection and prevention or to deal with any complaints regarding our services. We will delete your personal information when it is no longer required for these purposes. We will never sell or rent your information to anyone.

Who is responsible for your information?

Home Language International Ltd. is responsible for your information and the officer in charge is Antony Warmbold who can be reached by phone or email: +377 97 70 74 72

antony@homelanguageinternational.com

What rights do you have?

If you are an EU citizen, you have rights under the European Union's General Data Protection Rules to access or object to the use of personal information held about you, at any time. You can also ask us to rectify, update, erase, restrict or share your information in a usable format with another company. We encourage you to contact us to update or correct your information if it changes or if the personal information we hold about you is inaccurate. If you would like to discuss or exercise such rights, please contact Antony Warmbold.

Promotion: We may contact you regarding promotional activities such as Facebook posts and in such cases we will provide you with full information and ask for your specific consent.

How can you raise a complaint?

If you are dissatisfied with how we have used your personal information, you may lodge a complaint to your relevant supervisory authority (in your country of residence). For example in the UK this would be the Information Commissioner's Office.
